

Mirza

Mirza helps you retain and support working caregivers through bespoke care stipends

No more one-size fits all; we work with you to build a benefit tailored to your organization

Workers show up when they're sick, but not when they don't have **childcare**.

Working parents miss an average of **8 days/year** due to **childcare issues**

Existing benefits (backup care) have limited usage, low uptake, & miss the root issue: **affordability**

Our end-to-end childcare solution has three key features:

- One-stop-shop platform for care benefits & family finances
- Caregiver wallet so that employees can afford the care they need
- Flexible coverage in & out of network
 - Our provider network can help employees find care, while still allowing for existing care setups
